

**I** is the Roman numeral for the number 1.

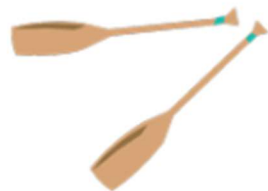

In the C 5-finger scale, the C chord is called the **I chord** because it builds up from scale step 1.

## Row, Row, Row Your Chords

Circle each C chord, then write a **I** (Roman numeral) underneath. Remember, C should be the *bottom* note of each C chord.

Draw an X through the other chords.

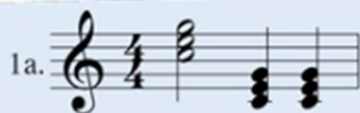

Ex. I

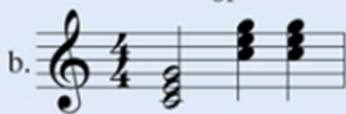

Notice the clef!

Your teacher will play either example a or b. Listen carefully and circle the one you hear.
