

Welcome to
The Tuning Note Music Studio
Lessons in: Piano, Trumpet, Trombone, French Horn, Baritone Horn,
and Jazz Improvisation
(also beginning clarinet, flute and saxophone)

MUSIC STUDIO OF CHET CHWALIK

November 21, 2023

To all current and prospective parents and adult students:

Effective December 1, 2023 tuition will change from \$30/half hour to \$35/half hour (from \$60/hour to \$70/hour).

(for families with 2 or more students: with the 10% discount, lessons become \$31.50 for every 30 minutes.)

Encouraging practice:

Parents: 2 suggestions come to mind:

- 1) when it comes time for them to practice, it helps when you ask to hear something that they are working on (“Let me hear one of your songs..I love hearing you play.”). Showing interest and positivity goes a long way! 😊
- 2) I heard at a music teacher’s convention how important it can be to play music on the radio every day (in the kitchen, in the car, etc.) (piano music, jazz music, trumpet music, etc., depending on the student’s main instrument)..it doesn’t have to be more than a few minutes, but listening together helps greatly!

Encouraging use of personalized website:

I have seen great improvement when students use their websites to play along with their assigned songs/pieces. You may need to sit with them and help them access their Audio Page.

Thank you for your support of my teaching studio! I look forward to providing more learning opportunities in the new year!
