R.H. Skips Across the Keys

Tips from Carlos: (for pages 12 and 13)

1. Play **skips** going UP the keyboard using a R.H. "3-1 donut."
2. Begin on **Middle C**. Push off gently with the wrist (toward the fallboard) as you play each key.

Can you play very s-l-o-w-l-y and name the keys as you skip?
